

To Our Valued Clients,

First, we would like to take this time to recognize all those who are impacted by COVID-19. Our thoughts are with each and everyone affected by this virus, and we want to send out the sincerest wishes to all. Second, it is important that we express our full commitment to our client's safety and well being, as well as that of our staff members. As a locally owned business serving Alberta and surrounding area, Hiebert Cabinets is taking extreme precautions to ensure that we put zero risks upon you and our team while still providing our superior services.

We are continuously monitoring the information provided by both Provincial and Federal health authorities and reacting everyday to do our part in preventing the spread of this virus.

On top of the 6' distancing and sanitization, our extensive preventative efforts include:

- Continuous scheduled sanitization periods of our shop/remote tools, equipment, and vehicles. This occurs multiple times in the workday.
- Proper disinfecting of our showroom and offices; including countertops, handles, doors, desk items and more.
- Immediate hand washing and sanitization of everyone that enters the building. This includes customers, vendors, deliveries, and staff.
- Regular hand washing of all staff before and after each task.
- The offering of free quotes with tours and consultations over accommodating platforms such as Zoom Video, Skype, or pre-recorded video by our design staff.

We recognise the high importance of everyone's safety and our Government-recommended protocols. Hiebert Cabinets is fully prepared to accommodate and adapt in any way that we see necessary. Third, if you have any questions or concerns regarding our services during this pandemic, please do not hesitate to call our office or utilize our Facebook page for information. We remain available and at your service through these challenging times. On behalf of all the staff at Hiebert Cabinets, we want to thank you for being our thoughtful and loyal customers. Without you, our team would not be complete.

Sincerely,
The Hiebert Cabinets Team
